DECORATIONS

Our Fun Loft is professionally decorated in a cool science theme. Therefore, *no additional decorations are allowed in The Fun Loft*. We ask that nothing be hung or taped to the walls or ceiling. No confetti, glitter, silly string or piñatas are allowed.

FOOD AND DRINKS

Our intention in the Fun Loft is to provide a full service, no hassle, stress free experience for you to enjoy the day with your scientist. Therefore, our package includes all food and drink for your young guests. If you, however, feel that there is a more customized offering you would like for your event we are certainly willing to work with you to make that happen. Our entertainment coordination staff is available to discuss all options with you.

THE PARENTS.

While we would love to have your adult guests stay and watch, we strongly encourage drop-off parties. We find the dynamic with our guests really works best when just the parents of the birthday child and our staff are allowed to direct the program, thus our recommendation is that drop off is likely the best option.

GRATUITIES

Gratuities are customary and certainly appreciated. If you are interested in the typical gratuity structure for our programs our entertainment coordination staff will be happy to provide suggested guidelines for you.

INCLEMENT WEATHER.

Our staff will contact you if conditions are such that we cannot support your party (i.e. flooding, snowstorms, etc). It is extremely unlikely that a party does not occur as planned, however in the event that your party be rescheduled due to an act of God, we will make every effort not only to contact you in a timely manner but to also make every effort to reschedule as quickly as possible. Should you not be able to get to our location, we ask that you contact us as soon as you are able.
